Nc150 - EagleEye Convex with glare reduction system

Cost effective All Round Vision Solution

**allroundvision**™

## NC150 with GLARE REDUCTION SYSTEM

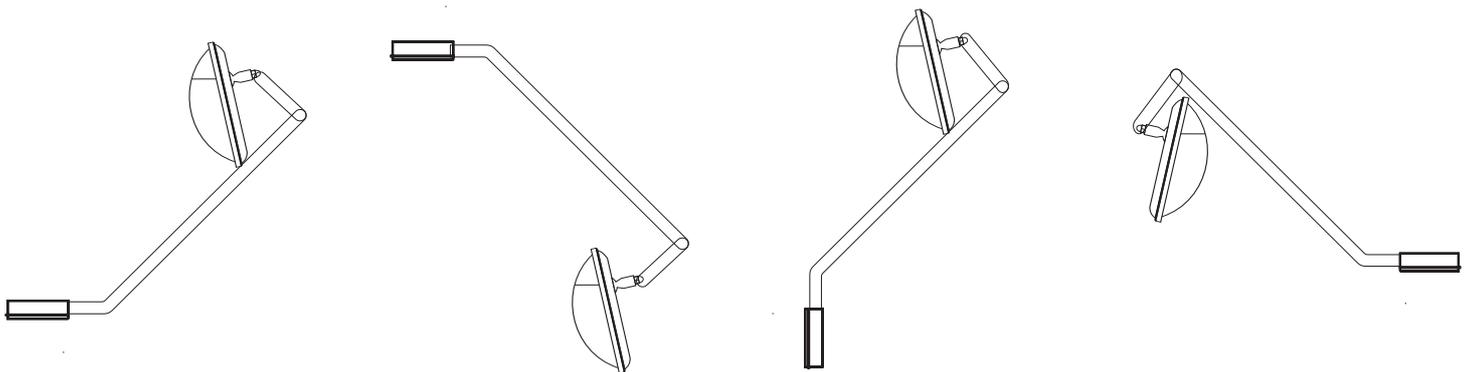

Large 12" x 9.5" oval convex mirror with single ball stud mount .

Glare reduction system reduces glare from external sources, sun light, strobe lights etc whilst not deteriorating vision.

Enhanced visual awareness for mobile equipment, including Excavators, Telescopic handlers, Fork Lift Trucks and Dump Trucks.

Simple to install using a full range of mounting brackets.

Heated option, 12 months warranty.
